# Camp Connect

A Communication of the Mt. Gretna Campmeeting

We are excited to share a time-lapse video capturing the construction process of the new water tower, condensed into less than 5-minutes. Witness the transformation from start to finish.

Heartfelt thanks to Ben Slotznick for the video, bringing this project to life in a way that illustrates the dedication and hard work put into the construction.

We hope you enjoy the glimpse into the meticulous stages of the water tower construction. To watch this time-lapse video, please click on the link below:
