Subject: MGCA Water Main Break & Leaf Collection

MGCA Water Main Break & Leaf Collection

A significant water main break occurred on Batdorf Avenue earlier this week that took days to locate and repair. This led to our Buildings and Grounds Staff giving much of their time and energy to manage the situation.

As a result of the water main break and the ice/freezing rain event earlier this week, existing leaf piles that would have been picked up this week, the week of December 12th, will be picked up early next week as weather permits. Please note that **existing leaf piles** will be picked up, not new piles. The Campmeeting equipment will soon be switched over to snow equipment, making leaf collection impossible. Bagged leaves can still be picked up.

If you have any questions, please contact our Superintendent of Grounds, Nate Godfrey, at MGSuper@mtgretnacampmeeting.org
