**Subject:** MGCA Possible Water Service Disruption

## All Members

On Tuesday, July 16, there will be work done on a lateral connecting to the 3rd Street water main. It is possible that this work may require a brief disruption of water service for the entire Campmeeting. Please plan accordingly.

3rd Street will be blocked from Bell Avenue to Mills Avenue.

## Members served from the 3rd Street Water Main

On Tuesday, July 16, due to maintenance of a lateral connecting to the 3rd Street main water line, there is a possibility that the 3rd Street water may need to be temporarily shut off either between Bell Avenue and Mills Avenue or for all of 3rd Street.

Currently, we have little information related to the potential scope of the project, but want you to be aware of this potential shut off. While you may not experience any loss of water at all, there is also the possibility that you could be without water for a good portion of the daytime. Please plan accordingly.
