Subject: Fall Leaf Pickup

Campmeeting Leaf Pickup

Fall is here and many residents are ready to make their leaf piles. Although Members are encouraged to leave leaves on the ground around the trees as much as possible, we understand that not all leaves can be left on the ground. To ensure leaf piles do not block our streets and pathways, MGCA will begin periodic leaf collection October 21. Collection will end the week of December 09 and start again in the spring. Leaves will be collected from all driving streets every other week in rotation according to the schedule below. Leaves do not need to be bagged.

Leaf piles may contain leaves, pine needles and pine cones ONLY! Sticks **MUST** be placed in a separate pile. All piles must be free of pet waste and foreign objects. Piles that do not meet these requirements will NOT be collected but will be left in place and marked with an explanatory note.

In addition, Members may take their leaves to the storage location behind the garages on the east side of 1st Street. These leaves may not be bagged, must be placed in the designated leaf stall, and may not contain anything but leaves, pine needles, and pine cones. Please call the MGCA Office (717) 964-3040 if you have questions. Thanks for your cooperation.

A copy of the current leaf procedure may be found on the MGCA website at:
