

Mt. Gretna Campmeeting Association

Current Leaf Collection Procedure

Purpose: To provide guidelines to the Membership for collection of leaves.

Procedure Detail:

1. Members are encouraged to leave leaves on the ground around the trees as much as possible. These leaves degrade to soil over time, providing much needed nutrients for the trees and groundcover to replace eroded soil.
2. Understanding that not all leaves can be left on the ground, the Mt. Gretna Campmeeting (MGCA) will provide the following leaf collection services.
 - a. The MGCA will collect leaves until the end of November from all driving streets, but the leaves must be placed either in paper bags or in compostable bags. Leaves will not be collected by the MGCA if they are left in loose piles. NOTE: Bags must contain leaves only, **no sticks or other debris**.
 - b. Members are always welcome and encouraged to take their leaves to the storage location behind the garages on the east side of 1st Street. These leaves must be placed in either paper bags or in compostable bags.
3. Compostable bags will be made available for Members as soon as we can purchase them. Members will be notified via email when the bags are available. They will be placed at the Community Library; please only take what you need.

We will evaluate this procedure during 2022 and adjust as needed.
